FROM CHAIRMAN'S DESK

It gives me immense rapture to address through this edition of our esteemed magazine. Education is the mainspring of our society and our institution remains staunch in its commitment to foster an environment where learning thrives. We have made an inevitable stride in enhancing our curriculum, embracing innovative teaching methodologies and integrating technology to provide a holistic education to our students.

Our faculty's steady dedication and our student's relentless pursuit of excellence have been pivotal in these accomplishments. This magazine is a testament to the vibrant intellectual and cultural life that flourishes within our campus. It showcases the inventiveness, critical thinking and scholarly endeavors of our community hope you find inspiration, insight and joy in these pages.

FROM MANAGER'S DESK

"A Disciplined Mind Brings Happiness," a profound wisdom attributed to Buddha, resonates deeply within us. Happiness, the ultimate human aspiration, often seems elusive, yet remains fervently cherished. Amidst our diverse pursuits of happiness, this timeless truth stands unwavering: cultivating a disciplined mind is the key to unlocking genuine fulfilment.

Practicing self-discipline empowers us, granting a profound sense of control and self-awareness. By mastering our impulses and habits, we pave the way for a healthier lifestyle, free from the shackles of negativity and chaos. Disciplined individuals make informed decisions, avoid hasty choices, and skilfully manage their emotions. This transformative power is within reach, achieved by setting clear goals, identifying obstacles, finding motivation, replacing old habits, and monitoring progress. A disciplined mind invests in self-discovery, uncovering strengths, passions, and values that reveal life's purpose. This clarity enables conscious choices, leading to fulfilment and success. Valuing time, the disciplined individual uses it efficiently, achieving goals with minimal stress and effort. While incorporating discipline requires patience and persistence, constant self-reflection and improvement yield profound rewards.

In our quest for happiness, we often seek external validation through wealth or material possessions. However, true happiness originates within. By embracing discipline, we unlock our innermost potential, cultivating a deep sense of purpose, confidence, and resilience. As we converge into a disciplined lifestyle, we discover that happiness is not something we find, but rather something we become. Embarking on this transformative journey, we uncover the profound truth that a disciplined mind indeed brings happiness.

FROM PRINCIPAL'S DESK

"True education is about instilling both knowledge and values in young minds."

It gives me immense pleasure to connect with you through the vibrant pages of our school e-newsletter. The newsletter of the school is like a mirror which reflects the clear picture of accomplishments and achievements of the institution.

At PDPS, we believe in the holistic development of every child. Academic excellence remains at the heart of our endeavors, but we equally strive to nurture creativity, critical thinking and emotional intelligence in every student. This vision of all-round development has been evident in the remarkable achievements of our students, whether it's in academics, sports, music, or other extracurricular activities. Our sports teams continue to shine, adding new feathers to our cap with every competition. From gold medals in music at zonal and district levels to triumphs on the sports field, these accolades are a testament to the hard work of our teachers and students alike.

Each session brings forth its own set of challenges, but it also offers countless opportunities for growth and learning, both inside and outside the classroom. Along with focusing on improving academic outcomes, we emphasize on making learning a joyous experience.

For our primary and nursery grades, where the journey of education begins, we are focused in building strong academic foundations while also fostering a love for learning. The early years are crucial, and we are taking steps to ensure that both academics and creativity are given equal emphasis.

As we move forward, Let us remember the words of our beloved founder, Shri Prabhu Dayal Bhatia, whose vision continues to guide us: "Imparting quality education to groom students into responsible global citizens while retaining their Indian ethos."

Together, let's continue to make Prabhu Dayal Public School a place of learning, creativity and compassion.

I hope you will enjoy and appreciate the efforts of our students and teachers in the newsletter.

**MRS. VINEETA MENDIRATTA
PRINCIPAL**

FROM HEADMISTRESS'S DESK,

“The purpose of education is to bring about freedom of thoughts, love amongst countrymen, flowering of goodness and complete transformation of society”

At PDPS, our educational philosophy is centered on empowering children to make informed choices through critical analysis and creative thinking. We strive to cultivate discerning individuals who can navigate and understand the complexities of the world around them.

Our young learners are provided with myriad platforms that ignite their curiosity and inspire a desire to realize their full potential. These opportunities help broaden their horizons, fostering a deeper understanding of our culture and the global community beyond the school gates.

We firmly believe that community shapes our value systems. To this end, we actively encourage open communication with parents, fostering a collaborative environment. We urge families to engage with their children in meaningful ways, helping them remain grounded in reality and instilling a value-based culture at home.

Physical and mental well-being is a top priority at PDPS. We offer a range of indoor and outdoor activities, including yoga and meditation, to promote a balanced lifestyle. These practices not only enhance students' physical fitness but also support their mental resilience.

In our ever-evolving world, we also integrate technology into our teaching methodologies, ensuring that students are well-prepared for future challenges. By embracing innovation, we equip our learners with the tools they need to thrive in an increasingly digital landscape.

We are committed to shaping the leaders of tomorrow, who will approach life with curiosity, integrity, and a strong sense of purpose.

DOCTORS' DAY

On July 1, 2024, Prabhu Dayal Public School, Nursery Wing, celebrated National Doctors' Day with enthusiasm, honouring the dedication of doctors who work tirelessly for patients' well-being. Students expressed their gratitude with their heartfelt performances.

PINK DAY

'Pink Colour Day' was a delightful celebration at our school. Children were dressed in pink outfits and participated in pink-themed activities like painting with pink paint, making pink-paper crafts. The day was filled with joy and creativity as the children explored the colour 'pink' in a fun and interactive way.

INDEPENDENCE DAY

Love and patriotism for the country was in its full flavour on the occasion of Independence Day. The children showed their love to the country by performing a dance, drama and a rhyme.

EARTH DAY

Protecting our planet starts with you and me! To show love to our mother Earth the tiny tots of Prabhu Dayal Public School learned about vegetables growing above and below the Earth and played vegetable hunting game.

JANMASHTAMI

At PDPS, Pre-school celebrated Janmashtami with vibrant performances depicting Lord Krishna's birth and the triumph of good over evil. The event highlighted the joy of celebrating life with activities like making colourful flutes and crowns.

'EAT WHAT YOU WANT' DAY

'Eat What you Want Day' is an opportunity for the kids to decide what will be on today's menu, and creates an opportunity for them to help out with the meal. They got their favourite dishes in their lunch box and discussed about it in the class.

DADI NANI KI KAHANIYA

We've all grown up by listening stories told us by our Nadi and Nani. To celebrate and preserve the age long culture, Dadi and Nani were invited to the nursery wing and during the interaction with the kids they entertained them with innumerable stories.

BEVERAGE DAY

On National Beverage Day, students at PDPS Nursery enjoyed making lemonade with their teachers, adding excitement and fun to their regular meals. Whether hot, cold, sweet, or sour, the possibilities for beverages were endless!

TEACHERS' DAY

**"To the world you may be just a teacher
but to the students you are a hero"**

'Teacher's Day, celebrated on 5th September in honour of Dr. Sarvepalli Radhakrishnan, allows students to express gratitude to their teachers. Pre-School children participated in a card-making activity, creating beautiful greeting cards to show appreciation. The children were joyful and proud to celebrate their teachers.

MOTHER'S DAY

Mother's Day is a special occasion celebrating the enduring bond of love between children and mothers. Preschool students expressed their affection through art and craft activities, creating paper plate faces of their moms and beautiful cards for them.

WORLD HEALTH DAY

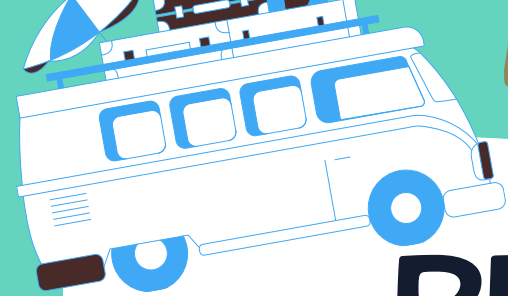

In celebration of World Health Day, students were encouraged to practice yoga at home with their parents. This activity highlights yoga's role in enhancing mental well-being and its ability to unite mind and body while cultivating compassion, focus, strength and flexibility.

SWACHH BHARAT ABHIYAN

Following the footsteps of our honourable PM. Shri Narendra Modi, Swachh Bharat Abhiyan was scheduled at the Nursery Wing where the little learners were told about the 'Swachhta Abhiyan' after which the kids cleaned their school with great enthusiasm.

WORLD BOOK DAY

World Book Day, celebrated on April 23, encouraged Primary Wing students (Grades 3-5) to join the "Whole Class Reads Together" activity, bringing their favourite English storybooks to class V.

INDEPENDENCE DAY

- The Primary Wing celebrated Independence Day on August 14, 2024, with great enthusiasm. The event featured the unfurling of the national flag, followed by a band performance. Students showcased a patriotic dance, song and poem, filling the atmosphere with pride as they honoured India's 77th Independence anniversary.

NIE ART AND CRAFT WORKSHOP

An Art and Craft workshop was held on July 30, 2024, for Classes III-V, in collaboration with NIE. Students made pop-up cards and paper lanterns, gaining new skills and exploring creativity through hands-on learning and imaginative activities.

NATIONAL TECHNOLOGY DAY

National Technology Day, observed on May 11, was marked with engaging activities for students of Classes IV and V. They created posters using MS Paint and MS Word and viewed PowerPoint presentations showcasing India's technological advancements. The event encouraged students to explore science and technology, inspiring future contributions to the field.

LABOUR'S DAY

"I learned the value of hard work by working hard."

On May 1, 2024, the school celebrated International Labour Day to honour Group-D employees. A special assembly featured a speech on the significance of 'Labour Day' where students presented gifts to the staff, while Headmistress Ms. Manisha Rehani emphasized respecting and appreciating their dedication.

VAN MAHOTSAV

'He who plants a tree, plants a hope.' – Lucy Larcom

Van Mahotsav was celebrated in the Primary Wing from July 4 to 19, 2024, with activities like poem recitation, bookmark-making, poster-making, nature walks and a dance performance, all emphasizing the importance of protecting the environment.

JANMASHTAMI

The Janmashtami celebration at the Primary Wing of the school was a vibrant and joyous occasion, marked by a deep sense of devotion and spiritual fervour. The festivities began with melodious rendition of devotional song by the school choir followed by an enchanting dance performance by our Pre-Primary students who were charmingly adorned as Radha and Krishna.

EMOJI DAY

To celebrate World Emoji Day, Pre-Primary students engaged in a creative colouring activity, expressing their emotions through their favourite emojis. This fun activity also enhanced their hand-eye coordination, making it enjoyable and educational for children of all ages.

MOTHER'S DAY

Mother's Day was celebrated with a special assembly where young students expressed their love and gratitude through songs, speeches and poems. The event highlighted the importance of honouring mothers not just on Mother's Day but every day.

SWACHHTA PAKHWADA

During the Swachh Pakhwada campaign from September 1 to 15, 2024, our school raised awareness about cleanliness. Activities included a Swachhta Shapath, lessons on handwashing and water conservation and short films on personal hygiene, encouraging students to promote cleanliness in their community.

INTER-CLASS ACTIVITIES

Competitions boost children's confidence and skills. On September 6, 2024, Pre-Primary students celebrated Ganesh Chaturthi by creating balloon crafts of the elephant deity and reciting sacred mantras together.

हिंदी दिवस

हमारी एकता और अखंडता ही हमारे देश की पहचान है, हिंदुस्तानी हैं हम और हिंदी हमारी शान है।

हिंदी दिवस हर साल 14 सितंबर को मनाया जाता है। इस अवसर को प्रभुदयाल पब्लिक स्कूल प्राथमिक विभाग के विद्यार्थियों ने शैक्षणिक कार्यक्रमों से लेकर सांस्कृतिक प्रदर्शनों तक में भाग लेकर विभिन्न तरीकों से मनाया। यह समारोह हमारे देश की भाषा हिंदी को समर्पित था। हिंदी दिवस की शुरुआत विद्यार्थियों को हिंदी भाषा का महत्त्व और मनाए जाने के इतिहास से अवगत करवाने से हुई। इसके पश्चात बच्चों द्वारा 'आओ हिंदी व्याकरण से हम तुमको मिलवाते हैं', लघु नाटिका का प्रदर्शन किया गया। हिंदी भाषा की विविधता को प्रकट करने के लिए भिन्न-भिन्न गतिविधियों का आयोजन किया गया। यह सप्ताह कक्षा पहली से पाँचवी तक के छात्रों के लिए अनेक गतिविधियों से भरपूर था। सभी छात्रों ने कविता लेखन और नारे लेखन गतिविधि में बढ़-चढ़ कर भाग लिया। बच्चों ने विचारोत्तेजक और सुंदर पोस्टर भी बनाए। इस दिवस का आयोजन सफलता से संपन्न हुआ। हम आशा करते हैं कि हम सभी मिलकर हमारी हिंदी भाषा को और भी मज़बूत बनाएँगे।

माली

जी करता है चुपके से, मिल आऊँ जा उस माली से।
जो करता है प्रेम, बाग की हर पत्ती हर डाली से।
धीर-भीर गंभीर "अटल", सादगी का सरमाया है।
कहीं और नहीं मैंने उसे, अपने संग ही पाया है।
जी करता है चुपके से, मिल आऊँ जा उस माली से।
प्रेम ज्ञान ममता का, वरदान जो उसने पाया है।
इसी जल से सींच-सींचकर, कलियों को पुष्प बनाया है।
उसके ही प्रयासों के फल, लटके डाली-डाली से।
जी करता है चुपके से, मिल आऊँ जा उस माली से।
कल के फूलों ने, आज वृक्ष रूप जो पाया है।
उसकी ही महिमा का जादू, उन पर छाया है।
उसका ही रास्ता देखेंगी, कलियाँ बारी-बारी से।
जी करता है चुपके से, मिल आऊँ जा उस माली से।

Thank You, Teachers

**Thank you, teachers
For the love you've always shown,
In every way, I've grown.
For the lessons that you brought,
And the morals that you taught.
In your care, I find my place,
With your love, I feel safe.
Thank you, teachers
For everything you do.
Thank you for being my guiding light too.**

Moonlight

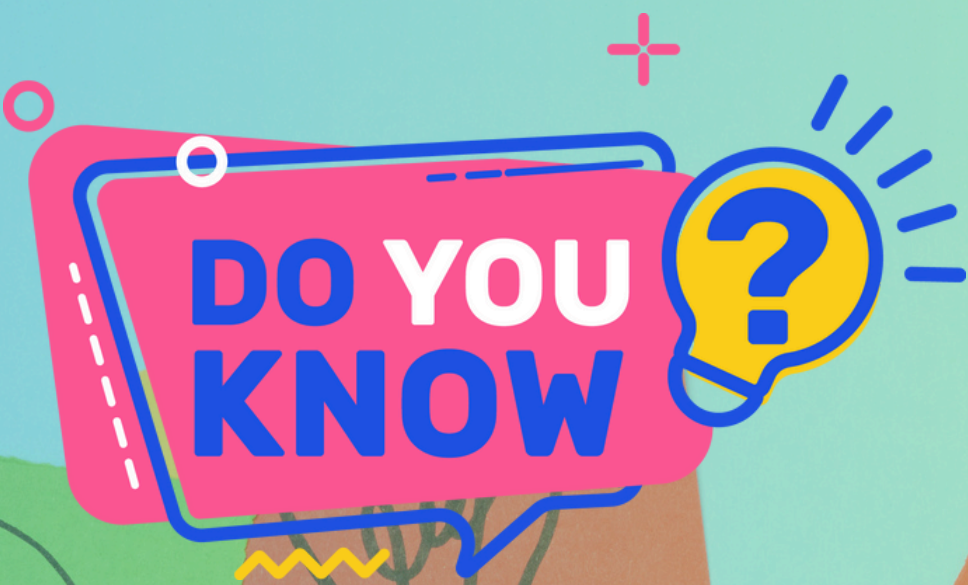

One quiet night,
I switched off the light and walked the path
The curtains were loose, not drawn so tight,
As I settled in bed, I saw a light.
It glowed from outside, soft and bright,
Whispering, “Good night, Good night.”
I wondered then, “What could it be?”
Curiosity sparked deep within me.
I looked straight ahead, then left and right,
Searching the source of the gentle light,
After sometime, I pulled back the curtains to check my sight.
And I realised, with pure delight,
The light was none other than moonlight.

SCIENCE FUSION

**"THE IMPORTANT THING IS NOT TO STOP QUESTIONING.
CURIOSITY HAS ITS OWN REASON FOR EXISTING." – ALBERT
EINSTEIN**

Prabhu Dayal Public School marked 'Science Week' with a range of engaging events. The screening of the educational film Pareeksha, provided an enriching way to explore scientific concepts. Following this, the skit "Periodic Dream – The Family of Elements", not only captivated the audience but also showcased a deeper understanding of chemistry by illustrating real-life applications of the elements. The highlight of the week, "Let's Do It", featured captivating experiments by Class IX and X, inspiring students to embrace the hands-on, experiential side of science.

DEAR MOM

**Mom you show us right path,
In childhood you also give us bath.**

**Sometimes you fight because -
you are right.**

**Never or rarely tells about her life but,
wants me to tell everything happens
in my single day and night.**

**You are everything for my life
If you go far I can never survive.
Mom you are the best, but never ever
rest.
To make my future bright you work
every day and night.**

**Mom's have right to fight because,
she wants us to shine bright.**

**Methods are different, goals are same
All moms want their children stand on
stage.**

MY TEACHER

*My teacher is the best
She never ever rests
She works hard day and night
To make our life very bright
We learn new things everyday
She is like mother to me.*

*You inspire and groom us
So that we can grow
But we are touched
Because of the love you show*

*Every day you plant a seed
So that we can learn and succeed*

*Good role models to everyone
You never stopped believing
When we are sorry for what we have done
You are always so forgiving!*

*When there is something we cannot understand
You never stopped trying
Always ready to lend a hand
To help keep us from falling*

*We are thankful for what you have done
Oh! My teacher you are number one!*

FRIENDSHIP

**In the heart's quite corner, a light dose shine
A friend's gentle touch a treasure divine.
Through strong days and skies of blue.
Together we stand me and you.**

**In laughter's echo and tears that flow,
Through highs and lows, our spirits grow.
In kindness shared and secrets told,
A bond of gold precious than gold.**

**So here's who hold our hand.
In their warmth, we firmly stand.
For in friendship's glow, forever true,
We find our strength, me and you.
Dedicated to my friend – Bhavik**

TWILIGHT CONVERSATION

In the twilight hours of a bustling city, a solitary bench stood as a sanctuary for weary souls. Here, strangers shared fleeting moments of vulnerability, shedding the burdens of the day. One evening, an elder man and a young woman found themselves seated together. They spoke of dreams and regrets, the weight of their unspoken fears lifting with each exchanged word. The man, with eyes reflecting a lifetime of wisdom, imparted a simple truth: "life's true wealth lies in the connections we forge." As dawn approached, they parted ways, forever changed by a brief encounter that reminded them of the profound impact of human connection amidst life's relentless pace.

I AM A GIRL

**I am a flower not a thorn
Don't kill me before I born
What time did I do to you
I have a right to live too
I am a child not a luggage
Don't send me before my age
Why do you like to have a son, not a daughter
Whereas I can fill your life with joy and laughter
I am a girl just like a pearl
Want awareness to unfurl
Join your hands to save me
I don't want to flee
I can be a sister, daughter and maybe a wonder
But never a blunder
I can be a seeker or a preacher
But to you I can be a doctor or a teacher
Come on Save Girl Child
Who causes you know harm
And always keep your heart warm.**

कदम बढ़ाओ आगे

जब राहों में काँटे बिछ जाएँ,
और अंधेरे छा जाएँ।
ऐसे में हिम्मत ना खोना,
आग में तपकर मिलता सोना।
रुकना ना हो शान तुम्हारी,
मेहनत से होती जयकार हमारी।
अब तो कदम बढ़ाना है,
और बस चलते जाना है।
तूफान चाहे कितने भी आएँ,
बहती नदियाँ रोक ना पाएँ।
सपनों को ना झुटलाना है,
मन की ताकत के बल पर,
मंज़िल को गले लगाना है।
अब तो कदम बढ़ाना है,
और बस चलते जाना है।
हर मोड़ पर नई सीख हमको लेनी है,
विश्वास के सहारे, जंग जीत लेनी है।
अब तो कदम बढ़ाना है, और बस चलते जाना है।

ऐ ज़िन्दगी

ऐ ज़िन्दगी जो सच करती तू मेरे सपने, तो तू कितनी अच्छी होती।
बन जाती तू माँ जैसी, तो तू कितनी सच्ची होती।
ऐ ज़िन्दगी जो सच करती तू मेरे सपने, तो तू कितनी अच्छी होती।
तेरे हर इक रंग में, मैंने रंगना सीख लिया।
दे चाहे हर राह चुनौती, मैंने लड़ना सीख लिया।
चाहे ठोकर मारे पत्थर, बंद कर दो तुम मुझको अंदर।
अरे! मैं तो एक परिंदा हूँ, अब मैंने उड़ना सीख लिया।
जो तू मुझको पंख लगाती, तो तू कितनी सच्ची होती।
ऐ ज़िन्दगी जो सच करती तू मेरे सपने, तो तू कितनी अच्छी होती।
फूलों से भी काँटे चुभते, मेहनत के आगे सब झुकते।
बिना रुके अब चलते जाना, मंज़िल के आगे शीश झुकाना।
किस्मत तो बस एक खेल है, बिन किस्मत अब नाम बनाना।
जो तू मेरा हाथ थामती, तो तू कितनी सच्ची होती।
ऐ ज़िन्दगी जो सच करती तू मेरे सपने, तो तू कितनी अच्छी होती।
गिरना उठना एक सबक है, हिम्मत रखना तेरा हक है।
चल तू उठ, फिर कोशिश तो कर, तेरा जीत की ओर ये नया कदम है।
आज़ाद गगन छू जाना है, कामयाबी की राह पर, बस चलते ही जाना है।
जो तू मुझको नायब बनाती, तो तू कितनी सच्ची होती।
ऐ ज़िन्दगी जो सच करती तू मेरे सपने, तो तू कितनी अच्छी होती।

कभी खुद को खोजा है?

कभी खुद को खोजा है?

और अगर नहीं,

तो आइए साथ मिलकर खोजते हैं।

खुद की तलाश में निकलते हैं।

कुछ ना करके भी कुछ करते हैं।

सुबह की पहली किरण से सवाल करते हैं।

रात के आखिरी तारों से बवाल करते हैं।

आज सुबह की चाय माँ के साथ पीते हैं।

कुछ समय ही सही, उनके साथ जीते हैं।

उनसे उनका हाल पूछते हैं।

आज का दिन उनके नाम करते हैं।

बिना कुछ पोस्ट किए, कुछ यूँ उनसे प्यार करते हैं।

दादा-दादी के बिना कहे, उनके पैर दबाते हैं।

चलो, आज उनकी छड़ी हम-तुम बन जाते हैं।

और हर दुख-दर्द में उनके सहायक बन जाते हैं।

अपनत्व का एहसास दिलाकर उनके अपने बन जाते हैं।

और उनका प्यार पाकर, कुछ यूँ अमीर बन जाते हैं।

चलो, बाबा से भी ऑफिस का हाल जानते हैं।

आज उनके साथ बैठ, उनकी थकान कम करते हैं।

जिंदगी के कुछ पल आज उनके नाम सजाते हैं।

उन्हें छोटी-छोटी खुशियाँ देने का प्रयास करते हैं।

जिन्हें वो हमसे चाहते हैं।

चलो, छोटी से उसके स्कूल की कहानी सुनते हैं।

उसके सिर पर हाथ रख, अपने पास बुलाते हैं।

उसकी नादानियों को स्वीकार कर सही राह दिखा,

बड़े भाई का फर्ज निभाते हैं।

बचपन की बीती यादें चलो आज फिर से ताज़ा करते हैं।

आज हम खुद की तलाश में निकलते हैं।

Procrastination and the Art of Time Travel : Navigating the Space between 'Now' and 'Later'

In a world where time is both our greatest asset and adversary, we often find ourselves engaged in a peculiar form of time travel: procrastination. We imagine that we will act before "later" arrives, but often, we delay action. This raises the question: what contributes to this mysterious phenomenon, and how can we escape its grasp to rediscover our lives?

Procrastination is a perplexing behaviour—a talent for sitting idle while convincing ourselves we'll be productive later. Psychologists suggest that it stems from fears of failure or perfection, along with our brains' desire for instant gratification. This creates a precarious cycle where we endlessly postpone tasks, believing that an ideal moment for productivity will eventually arrive.

In the realm of procrastination, "later" promises a world without deadlines, but this illusion leads to a painful cycle where tasks remain unfulfilled. The closer we get to tomorrow, the further away our goals seem.

"Now" and "later" are intertwined in this dance of procrastination, which often feels inescapable. However, knowledge and the desire to change can help us rewrite our narrative. By embracing the present moment, we can take action and create a bridge from our past to the future we desire.

So, dear traveller, prepare to embark on a journey that leads to productivity, growth, and fulfilment. The time to act is now.

English: The Language That Loves to Keep Us Guessing

English is a language we all speak, write and read every day, yet it never ceases to surprise us. It has been observed that both students and even native speakers are often baffled by the language's idiosyncrasies. But let's be honest – that's what makes English so fun!

Ever wondered why “colonel” sounds like “kernel.” Or why “knight” is pronounced with “k” silent? Such peculiarities arise from English's rich history of borrowing from languages such as French, Latin and Old English, leaving us with a suitcase full of souvenirs from its past.

Another intriguing aspect of English is the existence of homophones– words that sound identical but carry entirely different meanings. Imagine a poor learner trying to distinguish between “flower” and “flour”? One grows in the garden, the other ends up in your cookies!

These delightful puzzles highlight the importance of context in language comprehension. English loves to keep us guessing, but it also makes us think more carefully about what we are saying. On the other hand– Irregular verbs, such as “go,” which transforms into “went” in the past tense, serve as the language's rebels, who don't follow the conventional rules as the most verbs politely do. They add a layer of unpredictability, like an unexpected twist in a novel.

Speaking about unpredictability, English boasts countless idioms that add colour to communication. Idioms like “It's raining cats and dogs” or “break a leg” when you want to wish someone good luck, show how English language enjoys a bit of mischief and conveys meaning in creative ways.

Moreover, some words with dual meaning are contradictory. For instance, the word “sanction,” can signify both permission and punishment. You never quite know which way the word will swing until you look at the context!

However, despite all its ‘twists and turns’ and ‘curls and swirls’, English language possesses a unique charm–it refuses to be boring. Its irregularities keep us engaged and its quirks remind us that the language is always evolving. So, the next time you find yourself perplexed by why “queue” has four silent letters, just smile. It's these charming oddities that make English both fun and endlessly fascinating.

Heatwave Preparedness: A Personal Commitment to Resilience

As heatwaves become more frequent and severe, it is imperative for individuals to take proactive steps to ensure their safety and well-being. Heatwaves pose serious risks, including heat exhaustion, dehydration, and fatalities. Therefore, being prepared for a heatwave is a necessity.

My journey towards heatwave preparedness involves awareness, planning, and action. I aim to educate others about the risks of high temperatures through discussions and social media, as "knowledge is power."

I have developed a comprehensive action plan, including stocking emergency supplies, creating a cool room at home, and identifying nearby cooling centres. I prioritize self-care by staying hydrated and wearing lightweight clothing to cope with extreme heat.

While individual preparedness is crucial, collective action builds community resilience. By participating in community workshops and volunteering at local cooling centres, I strive to contribute to a supportive community.

In conclusion, my commitment to heatwave preparedness is a testament to personal responsibility and collective action. By raising awareness, developing an action plan, prioritizing self-care, and engaging with my community, I take concrete steps to safeguard myself and others from the impacts of heatwaves. Let us strive to be proactive and prepared in the face of rising temperatures.
