Shalimar Bagh New Delhi - 110 088

E-Newsletter "Blue Streak" Vol.-I (2019-2020)

EDITORIAL

Joy is neither a magic pill, which could be taught in a designated period. Happiness has to be interwoven in the climate of the school, across its entire length and breadth. It lies in the philosophy, vision and the culture of an institution. The school leader and teachers are the torchbearers, who create that magic in the school through love, care and warmth. At P.D.P.S. we have engaging and interactive classrooms where each child feels empowered. We have tried to create a happy school, where each child loves to come every morning because we are sure if this happens, rest everything will follow.

The editorial team expresses deep gratitude to our esteemed Principal, Dr. (Mrs.) Anita Aggarwal for her unflinching support and guidance in shaping this issue.

Best wishes!

Ms. Ritu Verma

NURSERY WING

COLOUR DAY CELEBRATION

Colours are indeed the smiles of nature and signify different emotions. We celebrate colour days at PDPS to make tiny tots aware about them. To mark these days as very special; all the staff members and students dressed accordingly. Various related activities were also conducted for the same.

EARTH DAY

Whenever we talk about green colour, it ultimately takes our thoughts to the 'Nature'. The school celebrated 'Earth Day' and 'Green Colour Day' together on April 22. Students and teachers were dressed up in green colour. 'Planting of seeds' activity was conducted in the school premises. The children were made aware about the importance of nature.

COOKING WITHOUT FIRE

Summer season reminds us of refreshing drinks, juicy fruits and ice creams. PDPS conducted 'Lemonade Making Activity' in the nursery wing on 14th May 2019. It provided an opportunity to children to do their own work. They also enjoyed the sweet and tangy taste of lemonade.

MOTHER'S DAY

'Motherhood – All love begins and ends there' – Robert Browning

It is actually impossible to express the feelings for our mothers in two lines. But it is important for them to realize how much we love and respect them and what they mean to us. A mother's day card was prepared by our tiny tots to express their love for their mothers. This day is indeed special for all of us.

NURSERY WING

HEALTH DAY

For creating awareness about 'Healthy Food' an assembly was conducted in the nursery wing. A beautiful corner was created by our teachers specifying all healthy food choices. Children were told about the importance of having 'healthy food' and demerits of 'junk food'.

(Together, we should say SAY NO TO JUNK FOOD!!!)

SHOW AND TELL

Nursery kids whole heartily participated in show and tell competition.

ANIMALIA

Animalia activity was organised for tiny tots in nursery wing.

NURSERY WING

INDEPENDENCE DAY AND RAKSHA BANDHAN CELEBRATION

India became free on Aug. 15, 1947. We are now in 73rd year of our independence. At PDPS, nursery wing we celebrated this with great joy and fervor. The little ones gave a mesmerizing performance on the occasion. Students and teachers were dressed up in tri-coloured clothes and paid respect to their motherland.

Raksha Bandhan – festival of brother-sister bond was celebrated at the nursery wing with zest and enthusiasm. A Rakhi making activity was organized for the students. They enjoyed the celebrations.

JANMASHTAMI

To celebrate the birthday of Lord Krishna, a celebration was organized on 23rd Aug. 2019. Students came dressed up as 'Krishna' and 'Radha'.

Beautiful decorations adorned the school walls. Children danced on the tunes of flute and mesmerized everyone present there.

PRIMARY WING

“Life doesn't require that we be the best, only that we try our best.” H. Jackson Brown Jr.

CRUSADERS FOR ENVIRONMENT

The Earth Day was celebrated on 22nd April in the school. It was a great day to showcase environmental education, highlight efforts to green the school and engage our students in making a difference.

“Save Earth, Plant a Sapling. Protect us from Global Warming.”

CLASS II HINDI KAVYA PRATIYOGITA

Poetry provides a relaxed and pleasing way to practice language skills. Through poetry a child can understand the words with different meanings but similar sounds. The students of Class II showcased patriotic fervour through awe-inspiring poems related to Independence Day.

From Salads to Sandwiches to Sorbets and More!

Class IV and V students brought out loaves of bread, fresh veggies, some biscuits and a few basic sauces and spices lurking in their kitchen cabinets. A couple of ingredients were tossed together to make delicious dishes in no time. No cooking, baking or heating required!

Celebrate Summer with a Fun Lemonade Party

A kindergarten party with friends is a perfect way to enjoy the warm weather....and what better than refreshing lemonade to beat the heat.

Class III and Class IV Solo Singing Competition

“Music gives a soul to the universe, wings to the mind, flight to the imagination and life to everything.” An intra class singing competition was held for the students of classes III and IV, where they earnestly participated and sang patriotic songs, old melodies and hindi bhajans. All of them sang to their level and were appreciated by the judges. All the maestros who took part in the competition made it a great success.

Show and Tell (KG)

Show and Tell is an integral part of a child's learning development as it helps them to organise information and build their confidence. With the aim of providing an opportunity to our children of class KG to develop effective communication skills, a Show and Tell competition was held in the school. The Pre-Primary students took centre stage and spoke on different topics like solar system, healthy food etc.

Independence Day Celebrations

On August 15, 1947, India got her freedom and finally broke her shackles of slavery. Our school celebrated this auspicious day with great enthusiasm and pride on 14th August 2019. The national flag was hoisted and everyone saluted the flag. The students sang the National Anthem which was then followed by a cultural programme. Patriotic poems and songs were recited by the students. They also presented a group dance.

Janmashtami Celebrations

Understanding the importance of and glorifying Indian tradition with the young generation, the school celebrated Janmashtami with passion and zeal on 23rd August'19. Students of different classes looked cute and beautiful in attires of Lord Krishan, Radha and gopikas. An enchanting dance performance by the students made the celebration even more memorable. This special assembly ended with the strong message of "Victory of Good over Evil."

Magic Show

Magic is performing art that entertains the audience through seemingly impossible feats conducted by the use of tricks, illusions, sleight of hand, and well practised moves. Since time immemorial, magic has been a source of curiosity and fascination for children.

A magic show was organised in the primary wing for the members of HT Pace. The magician performed several tricks on stage which left the children astonished and mesmerised. He called up a few children and performed astounding tricks with them. Students were swayed by the magical tricks displayed by him. He made them laugh and gasp in wonder at his amusing tricks.

Class Room Activities

It is important to make learning exciting for students with interactive activities. Incorporating fun classroom games into our lesson plan offers a simple way to motivate our students, and encourage them to draw on their creativity and imagination. Our classroom activities provide fun ways to engage our students in academic learning, without them even realising.

FROM CHILDREN'S PEN

What Freedom Means to Me

The first thing that strikes my mind on hearing the word 'freedom' is to have the right to do anything without any hesitation. Our country is an independent country and got its freedom from the Britishers after undergoing many sacrifices and difficulties so it is our duty to respect all those who worked hard for our smiles and harmony that we are enjoying today. Everyone has different opinions on what freedom is but for me it would be limitless sleep time where no one would have the permission to wake me. Eating chocolates, ice-creams any time and not having to wait for weekends. Playing with my friends and watching my favourite cartoon shows without any restrictions. But freedom also means doing things which gives happiness to others around you. When we all try to make each other happy the world would really be a peaceful and a great place to live in.

RELATIONS WITH GRANDPARENTS

Living with grandparents is a wonderful experience. Grandparents are the happiest people on the earth when their grandchildren grow up living with them. They play important roles in children's life. Grandparents cherish the time they get to spend with their grandkids and in return the kids get many values that develop their character. They pass on their values to their grandchildren. Grandparents offer unconditional love, encouragement and support. They also share their wisdom and a wealth of experience and support. Grandchildren enjoy this special relationship with grandparents. They teach their grandparents about the latest technology, share their interests and day to day life experiences. Thus, a healthy relation between grandparents and grandchildren brings happiness in each other's life.

BIRTHDAY GREETINGS

The school Manager, Miss Bimla Bhatia was bestowed with good wishes on her birthday (9th August).

INDEPENDENCE DAY

I – Day celebrations commenced in the school with March Past by four houses of the school, followed by hoisting the National flag by the Principal, Dr. Anita Aggarwal. Mementos were presented to foreign guests as a symbol of love by Miss Bimla Bhatia (Manager) who graced the occasion with her benign presence. Further, there was a vibrant cultural event comprising orchestra, dances of India and Patriotic songs.

INCREDIBLE INDIA

The presentation 'Incredible India' is a collection of facts which makes it a unique and incredible country. It highlighted some of the interesting and unique facts about our country apart from its world renowned harmonious co-existence of diverse religions, languages, ethnic groups etc. It also gave opportunity to the spectators to giggle and laugh at the fun facts that India has to its credit.

अतुल्य! भारत
Incredible India

SPECIAL EVENTS

VISIT OF TEACHERS FROM SCARSDALE HIGH SCHOOL NEW YORK

From 5th Aug to 8th Aug 2019, PDPS organized a foreign exchange programme; in which the teachers came from Scarsdale High School and Edgemont High School, New York, USA. It was an extremely fruitful project where our school teachers got a chance to exchange their ideas. Multifarious activities were organized like Rangoli Competition, Dance Performances, Art work shops, maths and science exhibition, sports competition and cultural events to expose them to various co-curricular activities organized by the school for holistic growth of a child.

TEACHER'S DAY

On 5th Sept. teacher's day was celebrated with great zeal and enthusiasm. A special morning assembly was conducted in which students paid gratitude to their teachers through poems, speeches. A brief cultural programme followed it. The Principal, Dr. Anita Aggarwal addressed students and teachers with her inspiring words.

Later, during afternoon a special programme was arranged for the staff members. The Chairman, Dr. V K Tyagi addressed all the teachers and thanked them for their sincerity and hard work.

FOUNDER'S DAY

PDPS has completed 60 glorious years in the field of education. The school paid homage to its founder Shri Prabhu Dayal Bhatia on 23rd September. A hawan ceremony was performed in the morning; followed by a bhajan session.

CLUB ACTIVITIES

SWACHHATA PAKHWADA

Cleanliness week was observed from 3rd Sept. to 13th Sept. 2019 in the school. Various activities were organized under the programme.

'DON'T DESTROY THE GREENERY' - ECO CLUB

TREE PLANTATION CEREMONY

Students planted plants like aloevera, kari patta, guava, china rose etc. in the herbal garden of the school.

POSTER MAKING COMPETITION

The topic was 'Water is life'. Classes VI – VIII participated in it and drew posters highlighting the importance of water on earth.

GREEN DRIVE

During foreign exchange programme, students of class V, IX and XI participated in green drive to spread awareness to increase green cover of earth.

JAI SHAKTI ABHIYAN

Students visited Rainwater harvesting structure in school building. The activity was conducted to spread awareness about conserving water.

SAFE FOOD : MY CONTRIBUTION

Students of classes VI-VIII were educated about safe food handling. They conducted a survey to gather information regarding food safety and hygiene practices.

'VRAKSHA LAGAO-DHARA BACHAO'

Horticulture department of DDA helped in providing plants of various species like neem, guava, jamun etc. Students from VI – VIII visited the site DDA park in Shalimar Bagh and very enthusiastically planted trees.

INNOVATIONS AND IMAGINATIONS

The Maths Club organized a Maths Exhibition on 6th Aug. 2019 for classes VI to XI. Some of the models at display were Tarsia Puzzle, Tower of Hanoi, dinometers, frustum of cone and tangrums etc. The exhibition was visited by the Principal and delegates of foreign exchange programme. Everyone appreciated the diligent efforts of students and teachers.

SCHOOL EXCURSION

NATIONAL SCIENCE CENTRE

Forty students of Classes IX, X, XI were taken for educational trip to National Science Centre with science teachers Mrs. Sunita Chowdhry and Mrs. Smita Nigam on 6th May 2019. They attended a 3-D Show, Holo show, attended workshop on 'Making your own Bridge'. Students also visited the various galleries related to some working models based on Physics and Biology.

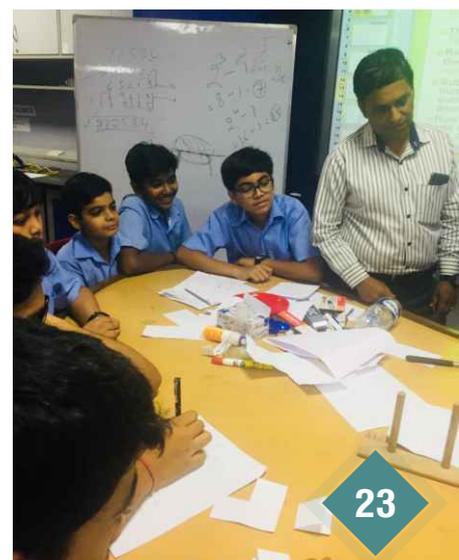

VISIT TO PARLIAMENT

Under the guidance of Ms. Ragini Sachdeva, fifteen students of class XII were taken to visit the chambers of Rajya Sabha. The trip was conducted to help the students learn more about the working of the Parliament. It was really an enriching programme for the students.

FUN WITH MATHEMATICS

A group of 40 students from classes VII to X visited National Science Centre on 6.5.2019 to attend the workshop 'fun with Maths'. Students participated in various stimulating activities like solving brain teasers, Hanoi tower etc. They also watched 3-D shows on origin of universe and systems of human body.

WORKSHOP FOR STUDENTS

ROLE OF COMPETITIONS

On 26th April 2019 a workshop was conducted on the topic – 'Role of Competitions in improving academic life'. The resource person was Mr. P K Pandey. He highlighted the role of hard work in educational field

HARD WORK IS THE KEY TO SUCCESS

Mr. Gogia, an expert in the field of biology conducted workshop for class IX students. He emphasized on trying to increase the level of interest and concentration in academics by following simple exercises. 'Perseverance is the key to success' was the mantra for achieving positive outcome in life.

GIRL EMPOWERMENT

Mr. Manoj Sethi, Director of Global Institute of Language and Personality Development conducted a workshop, empowering girls to connect with the society and family for better and brighter days ahead.

INTERACTIVE SESSION

A session on 'Molecular Scissors' was conducted at National Science Centre on 6th May by Ms. Deeksha. Students were introduced to biotechnology technique. It involved learning as part of a group which helped not only in comprehending the concepts but also developed social skills.

ENHANCING MEMORY

P.D.P.S. organized a session on Memory Techniques for students of class XI. It was designed by the Eight Dimension Consultancy. The students could understand the simple fun-filled techniques of memory building with an immediate impact. Two sessions were conducted for around 100 students each for around 90 minutes.

LEARNING MADE EASY

Cordova Publication Pvt. Ltd. organized a workshop for students of classes VI – VIII on Sept. 6, 2019. It aimed at making learning a joyful experience through an app which displays the syllabus in a simplified manner. It was an enriching experience for children.

BULLYING ON RISE

The mental health advocates that school takes up programmes and workshops on bullying management. Ms. Arti Girdhar conducted a workshop on bullying. Students interacted with her very enthusiastically.

DIGITAL DE-ADDICTION

Digital addiction is spreading its roots in India amongst young generation. Ms. Arti took up this session and effectively explained the harmful effects of mobile, laptop and social networking addiction.

PENNED THOUGHTS

HUMANS

Look at the trees,

Can you find one?

Look at the water

Can you taste a fresh one?

Look at the sky,

Can you see a clear one?

Yes, I know you cannot because

They cut the trees one by one

They polluted the water drop by drop

They covered the sky with smoke piece by piece.

Look at the tigers

Can you see a roaring one?

Look at the birds

Can you see a chirping one?

Look at the fishes,

Can you see a swimming one?

Yes, I know that you cannot because

They killed them, because

They shot them, and because they ate them.

You ask me who they are –

They is 'us'

They is 'you'

They is 'me'

We are the best serial killers

The generation has ever had.

We are the best mass murderers

The world has ever had.

We are the best executioners

The eternity has ever had.

We the humans !

Shradha

XII-C

DEFEAT

What is it about defeat that makes people restless? Is it frightening? Well, yes it is. Is it disgraceful? Perhaps, but it all depends on how you perceive it. Is it acceptable? The answer is yes

To quote Paulo Coelho :”Only he who gives up is defeated, everyone else is victorious.”

Does a raindrop, when it falls from the sky, feel defeated by the cloud? Being defeated does not mean failure. The defeated are those who never fail. It simply gives us an opportunity to scrutinize our mistakes. It gives us a chance to examine where it all went wrong. Defeat often leads to loneliness and pessimism. Friends, don't let that loneliness dampen your spirits. Don't feel lonely because it kills all the thrill from standing alone. Stop obsessing about the future. Maybe you won't get good grades, may be the world will be totally different from your frame of reference; may be someday you will regret some of your decisions. But don't think about all this right now. Cross that bridge when you come to it. Instead of expecting the worst out of life; try to bring optimism in life.

Always remember that defeat is for the dauntless; only they will know the glory of losing and the gaiety of winning.

DRAVYA MAIRA
XII – C

LIFE OF AN INDIAN SOLDIER

I consider it my privilege to write about the life of our brave Indian soldier. Life of a soldier in army is not a cakewalk. It is pretty cumbersome and hard more than our flights of fancy. Just to ensure that their fellow citizens are safe and sound in their homes, our soldiers put their everything at stake; without making anyone realize their sufferings. They are made to go under rigorous training and practice even in the most unfavourable weather conditions. They are not able to meet their families for months and years. Our soldiers never flinch from their duty towards their motherland. Their fortitude is indeed remarkable. The motto of our army is 'service before self'. Soldiers lay down their lives for the nation that nurtured them. They are the real heroes of the country.

We should salute to those fortunate mothers who raise such lions and tiger hearts on whom the whole nation takes pride. With a heart filled with hatred against the nation's enemy; but immense love for the country, eyes that emit fire when someone tries to harm the motherland. They bow in reverence for the 'Bharat Mata'. It is their pleasure and pride to shed blood for the country that has chosen them as its saviours.
