HOLIDAYS HOMEWORK

Dear Parents and Students,

It's summer time when faces light up and smile.

It's time for the children to play, relax and enjoy as summer vacation is the time they eagerly wait for. These days unlock creativity making the most of it being at home. Along with the break, comes many opportunities for your child to explore new hobbies like kneading, baking, gardening, painting, drawing, skating.

Here are some ways by which you can make the holidays fun and meaningful at the same time:

1). Ask your child to help you in doing small household chores like cleaning the cupboards, watering plants, making bed, serving meals. Helping in the kitchen can be fun too!

2). Being a couch potato is boring. REDUCE SCREEN TIME , instead make them play interesting games like scrabble, pictionary, chess etc.

3). Encourage them to exercise or take up a sport.

As the school announces the summer break, make sure that the children have a constructive vacation. With this thought, some activities are being given which will keep the child active and observant. The work can easily be done by the students with a little assistance, only when required.

"Books are undeniably a blessing to us".

Encourage your child to read any age appropriate story book to enhance their vocabulary and knowledge.

Note:- Kindly take the print out of the worksheets and submit them in a well labelled folder:
